*Our Angels' Dream: A Harvest of Hope*  
Fundraising Event

The Foundation for Disabled Youths is a foundation that seeks to provide help and support to disabled youths and their families. It also seeks to provide the kind of life that, in years past, was only a dream.

We all have dreams, whether big or small, with some that may never be realized. Yet the expectation of someday realizing our dreams allows us to continue on with our lives. The angels of FFDY have dreams too. They dream of participating in social activities and events, socializing with people in all walks of life. They want to interact with the outside world just like regular people.

In the past few years, FFDY organized several fun-filled events such as skiing at Big Bear Lake, competing in the Annual Dragon Boat Race held in Long Beach and taking trips to the circus. Seeing the joyful smiles on their faces, we became touched by their genuine happiness. These smiles also brought much comfort and joy to all the parents and relatives who have been wholeheartedly taking care of these kids for so many years.

Currently, FFDY is renting space from a church in order to provide fellowship and activities to all members every Saturday afternoon. However, the limitations of the rented space as well as scheduling problems prevent us from fully accommodating all activities.

To further help make our dream come true—the dream of better programs for the angels, providing better resources for their parents so that parents can have sense of security and hope, and building a permanent facility for the angels of FFDY—we are holding a fundraising event at the historical landmark, Anaheim White House on June 24, 2012 from 11:30 AM – 2 PM. We strongly believe that with your loving support, we can make this a memorable event for all of FFDY's angels. Let us all work hand in hand to help make their dreams come true and to let them all know that there are people who truly love and care about them.

We thank you and wish you and your family much peace, joy and success in your lives.

Sincerely,

Ben Su, FFDY President
